Route Description:

From the harbour in Cromarty, cycle west along the north coast of the Black Isle along the B9163. The road is generally quiet, and there are views of the Cromarty Firth.

Follow the road, passing through Jemimaville until you reach a lay-by on the right hand side – if you reach a T-junction, you've gone too far!

In the lay-by is a small interpretation board, a bicycle rack and a hide for viewing the birds. Leave the bikes here and pop in the hide with your binoculars to see flocks of wildfowl and wading birds.

Retrace your ride to Cromarty to refresh and refuel!

Near this route:

Couper's Creek, Cromarty

Offering lunches, hot and cold drinks, ice cream and gifts, this great wee café is a Black Isle Bicycles favourite and well worth a visit. www.sutorcreek.co.uk/coupers-creek.asp

The Cheese House, Cromarty

At the Cheese House they do things differently. You'll find some of the best Dutch farmer's cheese, finest charcuterie and quality snacks. www.cromartycheese.com

EcoVentures, Cromarty

We have some amazing marine wildlife, and the team at Ecoventures can give you one of the best seats in the house – in their boat! www.ecoventures.co.uk

Black Isle Bicycles is owned by Transition Black Isle and funded by the Coastal Communities Fund.

Remember to:

- Check the weather before you set out.
- Tell someone where you are going.
- Take spare clothing, food and water.
- Ride within your limits, and watch your speed.
- Take care around other trail users.
- Take only photos, leave only tyre tracks.
